Donor Report

Richard Hamilton (Chaplin Bros)

Prepared by
**FOUNDATION FOR MOTHER AND
CHILD HEALTH (FMCH) INDONESIA**

Project Overview

Early childhood education informs the importance of early years' stimulation and intervention during the first 2000 days of a child's life. A child who receives appropriate stimulation has good pre-academic outcomes, especially if the intervention was given to poor families. On the other hand, if the child experiences inappropriate stimulation during the period, the negative results will be irreversible.

Early Learning Center is one of the FMCH flagship projects to ensure that the children from poor families receive early stimulation and education they need. FMCH, locally known as Yayasan Balita Sehat (YBS) operates ELC in Jakarta, Bogor, West Java and Soe, Timor, NTT.

YBS employs experienced ECE tutors to create a secure and joyful environment for children aged three to six. Through playful learning, the curriculum focuses on developing language, mathematics, motoric, cognitive and social skills. Preschool attendance usually five mornings per week and feeding program is occasionally provided. Activities include painting, gluing, outdoor play, singing/musical, storytelling and field trips.

Financial Snapshot

By the end of 2022, Mr. Richard Hamilton (Chaplin Bros) generously donated USD 7,060.25 or approximately IDR 106 million. YBS allocated these funds to support the monthly salaries of teaching staff at ELC, spread across Jakarta, Bojong Gede (West Java), and Soe (Timor, NTT) for the entire duration of January to December 2023.

Key Milestones Reached

The funds provided are instrumental in compensating 29 early childhood tutors across 14 ELCs, enabling the implementation of teaching and learning activities for a total of 393 students in one year. Further details regarding the beneficiaries of the funds are outlined in the table below:

No	Names of ELCs	Locations	Students	Tutors
1	Sion Nunleu	Desa Nunleu, Soe	20	3
2	Lilin Kecil Nenoat	Desa Nenoat, Soe	20	2
3	Enobesa	Desa Anin, Soe	20	1
4	Laharoi Anin	Desa Anin, Soe	26	2
5	ST. Fransiskus Xaferius	Desa Fenun, Soe	42	2
6	Fubon Lunu Kokoi	Desa Kokoi, Soe	17	2
7	Imanuel Mio	Desa Mio, Soe	49	2
8	Sonhalan Oenoni	Desa Mio, Soe	28	2

9	Mentari Kobekaka	Desa Enoneten, Soe	24	2
10	Mahanaim	Desa Mio, Soe	25	2
11	Fini Alekot Oebobo	Desa Oebobo, Soe	24	1
12	Buin Noni	Kelurahan Oebesa, Soe	45	4
13	PAUD Sehat Ceria	Desa Bojonggede, Bogor (West Java)	44	3
14	PAUD Yayasan Balita Sehat	Cilandak Barat, Jakarta Selatan	9	1

Impact on beneficiaries

Honorariums not only serve as recognition and motivation for educators but also ensure program longevity, allowing for the retention of skilled tutors, reducing turnover, and improving learning resources—all of which collectively enhance the overall educational quality for the participating children. Tutors are better positioned to implement innovative teaching approaches and individualized learning plans. With proper compensation, tutors can invest in diverse and interactive learning experiences such as creative arts and crafts, outdoor play, educational games, and field trips. They also tailor activities to individual children's needs, ensuring a well-rounded and engaging curriculum that enhances the overall learning journey for the preschoolers.

Bojonggede, West Java

PAUD Sehat Ceria Bojonggede visited the Tempe home-based factory. The aim of the activity was to introduce the benefits and process of making tempe and to train children to interact with tempe factory employee by buying tempe.

Soe, East Central South

PAUD Buin Noni, Soe, East Central South held a fashion show to celebrate Indonesia's 78th Independence Day. The event aimed to boost children's confidence and introduce Indonesian culture.

Gratitude and Recognition

We extend our heartfelt appreciation and profound gratitude to Richard Hamilton (Chaplin Bros) whose generous support plays a pivotal role in empowering and enriching the lives of those we serve. Their ongoing assistance will definitely uphold the sustained benefits and positive impact of our Early Learning Center services.
